## GIFTS FOR CAMPERS & HIKERS

Whether you're shopping for a seasoned backpacker or a high schooler who's just starting to venture outdoors and get into camping, we've got gift ideas to make everyone on your list psyched to head out on the trail before they've even finished opening the box.

If your partner's 2018 New Year's Resolution is to camp more, Yakima's SkyRise 3 will eliminate all the excuses not to. It has a built-in foam mattress and enough room to leave your sleeping bags inside, so all you need to do is roll up to a flat campsite, open the tent and crawl in.
